Questions that were discussed at the end of the meeting:

Kari Long asked about getting more parents to volunteer. We are discussing using a texting app and "telephone tree"-having leaders to contact their group with info.

Clarissa White suggested having parents sign up for three things they would be will to volunteer for. They could be called and asked to help with those particular things.

Discussed ideas for letting parents know what is going on since there is so much going on throughout the year. A closed Facebook page was suggested.

Elimination Dinner-getting tickets printed up. John and Lydia Powers will get a place, date and time. We would like to have tickets ready to sell by the start of summer band.
